If your answer to this subject is to be...

A B I G F A T : "NO!"

Then there is something working so upside down --- it ain't funny --- no no no more ----
turn it right --- turn it up --- stop the enabled haters collective elite that have been
embedded to a cause of action, reflecting and impacting our informational society by
widespread regional to regional reporting of negative outlook Glassdoor reviews reporting
activities of retaliatory actions of the directors and owners of the Ryan White Care Act
funded social services agencies --- a nationally reported scope focus --- and no one
seems to be paying fucking attention!

Are you with me? Please call me as soon as humanly possible with your confirmation that
you will be treating my report of these matters as serious as a heart attack and that you
will not be one more avenue embedded dysfunction of derelict of duty and disservice to
our nation ---- leaving this unanswered, by not offering a forum of opportunity to form a
discussion and remedy plan of action.

On LinkedIn, where am using the implied language terminology usage that actual "in operation" company name profiles have the word "fuck" in them. Such examples include [but not limited to]:

<https://www.linkedin.com/company/fuck-cancer/about/>

<https://www.linkedin.com/company/fuck-yeah-astrophysics-/>

<https://www.linkedin.com/company/fuck-rasism/about/>

<https://www.linkedin.com/company/fucked-up-design/about/>

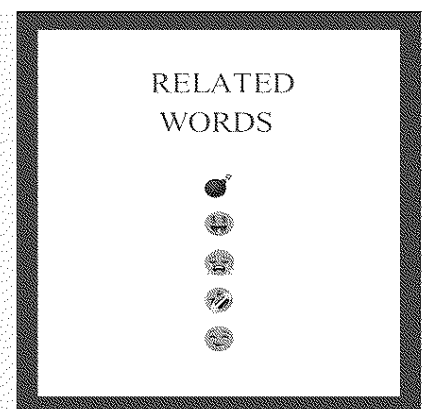

As that is the professional's level standard of language use on that social media networking site, so too does <http://fuckeduphuman.net> serve our greater informational society as being a naming extension that is established by that site, as being the most popular and most recognized professionals' social media platform.

What we have here are interdependencies upside down to popularly held belief. We must rewrite this equation and do something profound here, enlightened here, and proud and loud right for a fucking change.

Can I have that attention and your cooperation to proceed in a manner professional to our established protocols? Thank you.

What does 🙄 mean?

The *upside-down face* emoji, sometimes known as the *upside-down smiley face*, has several meanings depending on the context and personality of the user. It can indicate silliness, sarcasm, irony, passive aggression, or frustrated resignation. Outside of these, this emoji can be used for even still more ambiguous emotions.

I am not sure exactly where to begin.

but flat out --- here is the situation.

I am #HIVUntreatable because I cannot have doctor provider care that is honest to have a frank

discussion about matters that are extremely disturbing to know and to be exposed to others points of opinion and no one seems to grasp the urgency, the gravity, and the pure conscience of acting appropriately upon these circumstances and hold an intervention of common decency -- a social correction must take place ---- who has that "official" authority to respond a response of responsibility?

I was involved in two different regional area hate, harrassment, and retaliory campaigns that targeted me and my stability of tenancy to hold myself as a member of the HIV Community and influense among my peers.

We have a conspiracy to not tell the truth. We have have conspiracy to violate the privacy of HIV clients. We have a conspiracy that places contempt for clients as a hidden secret agenda to the detriment of clients and patients best community standards and practices and health wellness outcomes. PEOPLE --- THOSE ARE OUR NEIGHBORS, OUR FRIENDS, PERHAPS FAMILY and ALL AFFECTED in the HIV Communities across this nation that have FUCKING DIED because of this hate conspiracy! DEAD! HUMAN NOT BREATHING DEAD!

Is that enough passion of a statement that makes an impact to the human conscience soul you hold.... can I get your attention to an FBI Post and Thread comment on LinkedIn that I have placed to a PDF so that I can attach it as a fax. There are missing lines and content in this FAX ---- link to the SOURCE POST ---- and KNOW the internet domains that I hold represents, The Truth, The Whole Truth, and Nothing But The Truth, The Real Up Human Truth, The Absolute Real Up Human Truth, The Absolute Real Up Human Moral Truth.

Can we unite peace together?

Can we unite truth together?

OR AM I --- THE ONE HUMAN PERSON ON OUR PLANET - OR AT LEAST IN OUR NATION --- THAT HOLDS THE RECORD OF INTEGRITY FIRST, and FORMER NOTARY PUBLIC --- and no one can walk the talk of truth and be 100% honest for a change of paradigm shifts ---- TIME FOR SOMETHING NEW!

Nothing I have done to run around to map a very intricate weaving of a digital record can be accepted. For apparently, my efforts can be dismissed and ignored.

A stand of insanity of prevaricating actors involved in a hidden agenda secret conspiracy. Nothing bears fruit that brings words into their view to confer the facts to hold interest of purpose on their behalf. To bring forward a forum of any kind of conversational starter.

Showing obviously boldly reported as true is a deeply ingrained effect of a foundational memplex holding against clients. A betrayal of commons widely reported cross region to region as negative outlook reviews detailing retaliatory attitudes and actions of directors and owners.

These behaviors conducted by the systemic setup schemes funded and authorized by the Ryan White Care Act.

There are at current "481" reactions on this job's post topic placed on LinkedIn by the authorized official account of the United States Federal Law Enforcement Authority of the Federal Bureau of Investigation (FBI). I hold 280 current established linked connections on this social media site under this posting status update member account.

Many of these connections are doctors of prestige.

Corrupt Practices Investigation Bureau is being included here to inspire interest and attention upon any outside forces of powers that can bring this detailed true hate conspiracy embedded and corrupted in the medical health provider social services and doctor care involving the U.S. Department of Health and Human Services (HHS) and the National Center for Disease Control and Public Health Georgia in HIV treatment and prevention.

Not one source in the care these healthcare-related matters can hold their honesty or true integrity. Not one single interface of social services or doctor provider medical treatment can freely respond a response of responsibility. [continued in part 2].

Dear Federal Bureau of Investigation (FBI) --- I am replying onto your very own post. The account admin of this account MUST receive the notification of this comment. The account admin of this account MUST also receive the notification of a comment tagged earlier. I have a content suppression test out. My post with 282 connections has been online for many days. I have only 1 view count [myself] or [the person monitoring my activity if they did not hide their tracks from the code]. So you are tagged twice I am placing the URL into this channel comment of the comment exact URL to something that is highly suspect. The connection that is showing requested and failed --- successfully followed connection --- one of my connections linked even though it failed my first click. This is extremely untrustworthy since my view count is 1 on a post with 282 connections on this site would have come through their feeds.

Something wicked this way comes.

Michael J. Kummerman FBI Ret.,

Can you be any more fucked up human here?

Your narrow-minded scope view is being prone to "miscalculated odds" of being in error"!

Your brain has wiggled out here to show yourself and I should respect that courage.

But still you think you are bigger, better, smarter than me... you're not!

I know your mind is slow, so I may have to catch you up to speed.

Comments of deflection are the Idiots of old-timers that insist on shadow casting something they can't yet envision ---

Care to ask me? Nah, you can't be that kind of gentleman.

If you did not catch the entire sting -- tag along -- that you have been given a content folder that contains things that you might want to "Follow Up" before calling me to be committed to a psych hold. In California, the civil code of a 48-hour watch hold is called 5150.

There are several Adinkra Symbol files there. You may want to browse them. See the technology that is under your feet --- burning you to get involved to an informed level before you belch a bitch again... thanks.

If you really thought you had justification to call authorities for a 5150, I have an answer for that already in the mix.

Btw, the use of the word "fuck" on this site is "professional's standards" since there are actual "in operation" company name profiles that contain the word "fuck" in them. Such examples include [but not limited to]:

I proceed forward anyway..

Overview of events:

I composed and submitted a reply to this post from the Federal Bureau of Investigation (FBI). This was also redundantly tagged so that there can be no mistaking my intent to have my web presence here observed, reviewed, and acted on by a human of compassion resolves.

I received "1 like" by an impartial reading audience.

This means that my reply and my intention was intelligent and coherent. Obviously.

But no no, there has to be a hidden agenda,

A "FBI Retired" member put nonsensical distraction into the mix.

Member exclaims: "Welfare Check ASAP!"

Asserts that such a comment is somehow unwelcomed/unwanted here thus defending FBI positions as unchallengeable.

As if what I posted is from a mind of a man, of a citizen, incapable of properly being here. That I deserve to be escorted out in lock,s, chains, and a straight jacket as unstable.

I rebut such attacks by labeling it along with the rest, a long-established interlocking tag of haters run-a-muck:
